[DSpace at Cambridge](#)

DSpace@Cambridge is the institutional repository of the University of Cambridge. The repository was established in 2003 to facilitate the deposit of digital content of a scholarly or heritage nature, allowing academics and their departments at the University to share and preserve this content in a managed environment.

For more information on DSpace@Cambridge's services please visit the [support web site](#).

## What is DASH?

A central, open-access repository of research by members of the Harvard community.

## Introducing MyDASH

Harvard researchers have uploaded thousands of works into the DASH repository; [MyDASH](#) allows these same researchers to keep track of article downloads.

In this [OSC screencast](#), DASH developer Reinhard Engels explains how Harvard-affiliated authors can use this new tool to track views, visitors, and downloads of their works in DASH.

## Featured Works

### Buddhists & Brain Science

The vision of humanity presented by modern brain sciences deprives our lives of deeper meaning by reducing our emotional states, individual preferences, and (ostensibly) free choices to so many electrical impulses and molecular interactions. At least this is the view held by many humanists.

Anne Harrington, Professor of the History of Science, challenges this perspective in her article [Buddhist Brains: A Case Study in the Reenchantment of the Brain Sciences](#). Examining studies on the effects of Buddhist meditation on the brains of advanced practitioners, Prof. Harrington suggests that "the brain sciences themselves allow for a more optimistic vision" for the future of

# THE WORLD BANK

<https://openknowledge.worldbank.org/>

The screenshot shows the Open Knowledge Repository (OKR) website. The header features the World Bank logo and the OKR logo. The main navigation menu includes 'BROWSE', 'Advanced Search', 'SITE STATISTICS', and 'OTHER'. The 'BROWSE' menu lists 'All of the OKR', 'Collections', 'Authors', 'By Publication Date', 'Topics', 'Titles', and 'Author profiles'. The 'SITE STATISTICS' section includes 'Most Popular Items' and 'Downloads by Country'. The 'OTHER' section includes 'About', 'Terms of Use', and 'FAQ'. The main content area is titled 'Search' and contains a search input field with a magnifying glass icon. Below the search field is the 'New Publications' section, which lists two publications. The first publication is 'Pirate Trails : Tracking the Illicit Financial Flows from Pirate Activities off the Horn of Africa', authored by the World Bank, United Nations Office on Drugs and Crime, and Interpol, dated 2013-10-18. The abstract states that it is estimated that US\$339 million to US\$413 million was claimed in ransoms between April 2005 and December 2012 for pirate acts off the Horn of Africa. The second publication is 'Inclusion Matters : The Foundation for Shared Prosperity', authored by the World Bank, dated 2013-10-18. The abstract states that today, the world is at a juncture where issues of exclusion and inclusion are assuming new significance for both developed and developing countries. The imperative for social inclusion has blurred the distinction between ...

## Bem vindo ao SBICafé

SBICafé é o Sistema Brasileiro de Informação do Café, um repositório temático da produção científica das instituições que integram o Consórcio Brasileiro de Pesquisa e Desenvolvimento do Café (Consórcio Pesquisa Café).

Seu objetivo é unificar e facilitar o acesso à produção científica das instituições consorciadas, no que se refere a temas relacionados ao agronegócio do café, aumentando assim a visibilidade, o uso e o impacto dos resultados das pesquisas depositadas, no intuito de fortalecer os projetos desenvolvidos em torno do Programa Nacional de Pesquisa e Desenvolvimento do Café (PNP D/Café), aumentando sua produtividade, progresso e recompensas.

## Nova versão do SBICafé

Esta versão traz consigo o que há de mais moderno em repositórios digitais, para oferecer a você usuário uma ferramenta que torne sua pesquisa uma tarefa simples e agradável.

Por enquanto, esta nova versão do SBICafé ainda está em desenvolvimento, mas já apresenta uma significativa base de documentos científicos, como artigos, dissertações e teses, a sua disposição.

### Colabore

## Welcome to the United Nations Economic Commission for Africa (UNECA) institutional repository!

In its 50 years of existence, UNECA has created and holds a vast quantity of information and Knowledge in a variety of formats, including printed and electronic. These represent the corporate memory, providing historical evidence of its actions and decisions. The information resources include published materials such as flagship publications, journal articles, conference proceedings, technical reports, mission reports, annual reports, working papers, speeches and other grey literature, all which outline important research or decisions that have been made on the economic and social developmental aspects in Africa.

The Institutional Repository of the Economic Commission for Africa offers unique knowledge and information not available elsewhere pertaining to regional programmes, decisions and resolutions promoting social and economic development in Africa.

## Khartoum Space is Live

Welcome to University of Khartoum (UofK) digital repository!

Access UofK intellectual output here. Khartoum Space is a platform that enables our community members to organize and preserve their research online as well as it gives our visitors, researchers and the academia at large a better access to research conducted at UofK.

Khartoum Space is the result of the pilot project OASCIR (documentation of this project can be found at <http://uofkoascir.blogspot.com/>)

**Enjoy and fulfill your need to know!**

## Arthur Benjamin does "Mathemagic" Benjamin, Arthur

URI: [http://www.ted.com/talks/arthur\\_benjamin\\_does\\_mathemagic.html](http://www.ted.com/talks/arthur_benjamin_does_mathemagic.html)

Date: 2007-12

### Abstract:

In a lively show, mathemagician Arthur Benjamin races a team of calculators to figure out 3-digit squares, solves another massive mental equation and guesses a few birthdays. How does he do it? He'll tell you.

### Description:

Arthur Benjamin makes numbers dance. In his day job, he's a professor of math at Harvey Mudd College; in his other day job, he's a "Mathemagician," taking the stage in his tuxedo to perform high-speed mental calculations, memorizations and other astounding math stunts. It's part of his drive to teach math and mental agility in interesting ways, following in the footsteps of such heroes as Martin Gardner. Benjamin is the co-author, with Michael Shermer, of *Secrets of Mental Math* (which shares his secrets for rapid mental calculation), as well as the co-author of the MAA award-winning *Proofs That Really Count: The Art of Combinatorial Proof*. For a glimpse of his broad approach to math, see the list of research talks on his website, which seesaws between high-level math (such as his "Vandermonde's Determinant and Fibonacci SAWs," presented at MIT in 2004) and engaging math talks for the rest of us ("An Amazing Mathematical Card Trick"). "After his lively shows, students often rush the stage, eager for more tips and tricks." *Reader's Digest*
